ZONAL REPORT TO THE ICCF CONGRESS OF 2006

DRESDEN: GERMANY

Mr President, members of the Executive Board, Commissioners, Officials, Delegates, Ladies and Gentlemen

General

When our zonal director (ZD), SIM Mohamed Samraoui, was elected ICCF president in Villa la Angostura during the 2005 congress, we lost a very valuable pair of hands in our zone. Fortunately our loss is the gain of the entire ICCF and we once again congratulate him with the election and wish him the best of luck.

I on the other hand as deputy zonal director (DZD) had been playing a very modest role due to his wealth of experience and competency and suddenly I was handed the reigns of command. After a slow and stumbling start which was mainly due to a few unforeseen problems beyond my control things started to move along.

It is therefore now my privilege to report on our zone's activities over the past year.

The Zonal Team

The following appointments were made in the zonal team:

- DZD: Dr Ole Jacobsen of Burkina Faso
- Tournament Organiser (TO): Iain Smuts of South Africa

The following people over and above the those already mentioned also acted as tournament directors (TD) and/or team captain (TC) in our zonal events:

Member Federations

- The national CC federation of Burkina Faso joined our ranks in November 2005. We wish them a long and happy future with ICCF.
- The national CC federation of Ghana has applied for ICCF membership and we trust that congress will consider it favourably.
- The national CC federation of Algeria has applied to return as an ICCF member and we trust that congress will consider it favourably.

Communications have been exchanged with players from Malaysia in an attempt to form a CC federation, but nothing has realised to date. These actions will continue in the future.

Appreciations

In conclusion we thank all the people mentioned in this report as well as everybody else that assisted with the administration and development of CC in zone 4. A special word of thanks goes to Giorgio Laderchi our webmaster and also to Gian Maria Tani the ZD of Europe for allowing us the beneficiary use of their website.
